

CUBS OR ATHLETICS? OPINIONS OF FANS

Which Team Will Win World's Series?
---Rhinelander Seems to Favor
The Cubs.

The all absorbing topic in the base ball world at the present time, is the coming struggle for supremacy between the Champion Philadelphia Athletics of the American League and the four time winner of the National League pennant, the Chicago Cubs. So evenly are the two teams apparently matched, that base ball "fans" throughout the country are "up in the air" as far as choosing a winner is concerned and what is true elsewhere is also true among the local "fans," as can be noted by the following interviews, although sentiment seems largely to favor the redoubtable Cubs.

C. D. Bronson—"How can the Cubs lose with such a smooth, running piece of machinery?"

Russell Dieder—"Nothing to it but the Cubs."

Dr. J. T. Elliott—"The Athletics will come up from behind and in my opinion side track those chesty Cubs."

H. C. Braeger—"If I were a betting man, the Cubs would certainly be my favorites. Wonderful ball club all the way through."

Patrick Johnson—"What the Macks will do to the Murphys, it will take more than a June sun to thaw out. They'll look like a bunch of faded lilacs in a counterfeit's nightmare."

T. C. Wood—"Would very much like to witness the games; will tell you better after the series is over. However I like the Cubs."

Ray LaSelle—"Chicago Cubs for mine."

E. C. Sturdevant—"The Cubs look too good to lose."

Chas. A. Conroy—"I dislike hazarding a guess, yet the Cubs appeal to me as being the ideal team."

W. C. J. Bersheim—"The Athletics with Bender pitching may take the first game. The Cubs will gobble up all the rest."

Issie Cohen—"A surprise party awaits the Cubs in the series. The Athletics are underestimated. Their pitching staff is almost unhittable."

Wm. Eibel—"I suppose the Cubs will win."

F. C. Sawtell—"You bet, they will." Louis La Roy, St. Paul, American Association pitcher—"Great team the Cubs, but I regard the Athletics as the strongest all around and best balanced aggregation."

A lady fan—"Mr. C. once confided in a lady friend, who told another friend and she told a friend of mine, that the Cubs have already just as good as won."

Harry Ashton—"I look for the Cubs to win the series."

L. A. Leadbetter—"The Cubs look awfully good to me but the Philadelphia Athletics have a chance since Evers will be out of the line up."

M. H. Raymond—"The Cubs, probably."

Harry Slevright—"In the past, the Cubs have proven to be a great playing machine and in addition, have always had the luck."

Gill Forsyth—"I believe in dreams; I saw the Cubs win."

Charles Belliel—"Don't bother me, managing a late fall team is no picnic. I've got troubles of my own. Believe my team could beat either one of them. Shut 'em out so."

Aft. Eder—"If the Cubs only had Nap Rucker on their pitching staff, Chance's team would win in a walk."

Dr. T. R. Weck—"I pin my faith on the Cubs. Greatest base ball organization ever fathered together."

Paul Gaston—"My sympathies are with the Athletics, but as a betting proposition I would pick the Cubs."

R. F. Thompkins—"The Cubs for mine, better infield, outfield and hitters."

Frank Kretlow—"Mack's twirlers, Bender and Coombs, have performed brilliantly this season and the Cubs are pastmasters in the art of playing inside base ball. Would prefer the Athletics as my choice, yet the Cubs' chances are best. Evers' injury will prove a great handicap."

George Deakin—"I predict that Coombs and Bender will hold the Cubs heavy sluggers down and the Athletics to win the series."

Nancy Taggart—"Perhaps the Ath-

letics may win a game—the Cubs have the best all around base ball club and cannot lose."

Judge D. H. Walker—"The Cubs chances are the best by reason of the fact of having been tried out and not found wanting. What makes them great, is because their team work is superb."

Frank Rooney—"Rhinelander's former star pitcher—Would like to see the Athletics cop the bunting."

E. G. Squire—"Why those Cubs of course, the Athletics may be lucky and get a couple of games but, those Cubs are in the habit of suddenly becoming attacked with spasms. Then look out and watch the game break up."

George Mahoney—"Haven't studied the playing from of either team, I like the Cubs."

MARKET DAY HELPS FARMERS AND CITY

C. P. Crosby Writes That It Will Benefit Entire Community and Boost The County.

I have been asked by the Secretary of the Business Men's Association to write a few words as to the proposed Market Day. I feel that we need to encourage the farmers all that we possibly can, by taking a direct interest in what they are doing, and in helping them to obtain the best possible prices for their products. I want to see more land under cultivation and better farming methods, because all these tend to help the farmers. For instance, if the threshing crew had twice as much work to do as they have now, they could do the work cheaper. They go from farm to farm, sometimes getting only a hundred bushels or so, and this is very expensive, moving and sitting up again for an hour or so, or half a day. Now, the more produce there is brought in here, the more buyers there will be. I expect to see, in a few years, more potato buyers here than there are at Wausau, as the lands are taken up and developed. A farmer with money to spend will lay it out so as to benefit himself and his whole community, including the city.

As to the time of the Market Day, I would choose Saturday as being the most convenient to everyone, and because farmers generally come to town on Saturday anyway.

C. P. CROSBY.

ROBBERS MAKE RAID ON LUMBER OFFICE

Fruitless Attempt Is Made to Open Stevens Company's Safe—Desks Ransacked.

Another burglary was attempted in this city on either Saturday or Sunday night, the object of attack being the mill office of the Stevens Lumber Company.

The building was entered through one of the windows. With an iron bar the burglars endeavored to pry open the safe door by twisting the handle, but in this they were unsuccessful. All the desk drawers and pigeon holes were ransacked by the marauders in their efforts to find something of value. Papers and letters were scattered wildly about the floor and furniture was upset. The robbers evidently became irritated when they found that they could not accomplish the opening of the safe, and to appease their injured feelings, did as much damage in the office as possible.

As no one connected with the company was in the office on Sunday it is impossible to state whether the building was entered on Saturday or Sunday night.

Chas. Stevens, one of the company, says that no money or valuable papers are ever kept in the safe and that had it been opened the parties would have been unrewarded for their trouble.

WEDDING AT ROBBINS.

Miss Katie Binkowski and Leon Lobowicz, young people of Robbins, were united in marriage at that place yesterday. Rev. Fr. P. Racine, of St. Joseph's church, performed the ceremony.

CLERGY AND LAYMEN AT BIG CONVENTION

State Congregational Meeting Great Success—Ends Tonight With Banquet.

The seventy-second annual convention of the Congregational churches of Wisconsin which has been in session for the past three days at the local Congregational church will close this evening with a men's banquet, at which eminent business and professional men are to speak.

This convention is regarded by those who have attended many former conventions, as one of the most successful ever held in the state. A representative of the New North has talked with many of the visiting delegates and they invariably speak in the highest terms of the ability of Rhinelander people to entertain. They are delighted with the appearance and general atmosphere of our city. They are surprised at the progressiveness shown by the citizens of Rhinelander, and speak especially of the fine streets and the beautiful and attractive public buildings, and no less of the many fine homes in which they have been most hospitably received.

The program prepared and carried out has been unusually strong. The practical note has been universally struck in the various addresses and discussions. The evening programs have been most interesting. On Tuesday evening Carl D. Thompson, City Clerk of Milwaukee gave a very able address on "Christian Elements in the Socialistic Movement." He was followed on the program by Rev. Fred Staff of Grand Rapids on the subject "The Church and Socialism." Mr. Staff is a small man physically, but his addresses have been characterized, by excellent judges, as one of the most brilliant addresses ever given at a Congregational convention in Wisconsin. Yesterday afternoon Senator John M. Whitehead gave a very inspiring address on the history and work of the American Board for Foreign Missions.

Last evening at 5:30 about 80 Alumni of Yale and Chicago Theological seminaries held their annual banquet at the M. E. church. After the banquet the Yale men withdrew from the dining room to the parlors of the church and listened to various addresses on life at Yale. The Yale men closed their program by singing Yale's favorite song: "Bright College Years."

The public session last evening was attended by a crowded house, and the two addresses were listened to with rapt attention. The Rev. Mr. McNutt of LaPage, Ill., and Prof. Ward of Wisconsin University were the speakers.

At the Brotherhood banquet this evening Mr. Frank Harwood of Appleton, Pres. of the Appleton Wooden Mills, and Attorney W. W. Hughes of Fond du Lac are among the speakers. C. W. Stickney of Milwaukee will preside.

Mr. C. W. Nethercut of Milwaukee is moderator of the convention. The election of officers took place yesterday afternoon and Rev. F. Staff was elected moderator for next year.

The next convention will be held at Fond du Lac next October in the magnificent new structure just erected in that city. Among the prominent visitors at the convention was the newly elected president of Ripon College, Dr. Silas Evans. Mr. Evans is the youngest man ever elected to the presidency of Ripon. He was a former fellow student of Rev. Clark of our city.

NORMAL FOR RHINELANDER.

At the council meeting Tuesday night, Hon. D. B. Stevens urged upon that body to aid him in every possible way to secure a new state normal school for Rhinelander. The council was enthusiastic and the following committee was appointed by the Mayor to take hold of this matter: C. P. Crosby, L. A. Leadbetter, and James Baker.

Everything should be done to push this cause. The geographical location of Rhinelander entitles her to a state normal and it would be a great benefit to the community. Let's all boost!

LA ROY LIKES THE CITY.

St. Paul Pitcher May Decide to Reside Here.

Louis La Roy, a member of the pitching staff of the St. Paul team of the American Association, is in Rhinelander. He is accompanied by his wife.

La Roy is well known to all followers of the national game. He was formerly with New York and the Boston Americans and after training with the latter team at Hot Springs last spring he was farmed out to St. Paul. His record last season was an enviable one and his prospects for again shining in the big league are bright. He has the unique distinction of having pitched a no hit, no run game.

La Roy is a clean cut and highly intelligent fellow. In looking the city over he expressed surprise to find such a thriving burg and admitted he would not be averse to locating here. He has met many of the fans, all of whom have prevailed upon him to make Rhinelander his home.

CITY COUNCIL SAYS THEATRE IS UNSAFE

Condemns Grand Opera House—Mr. Hilgermann Not Warned of Intended Action.

At the meeting of the city council Tuesday evening, a resolution was passed condemning the Grand Opera House.

This action was no doubt taken on the report of the state fire warden who recently inspected the building and was severe in his condemnation. While the council members probably acted according to their judgment in this drastic step it would appear that Mr. Hilgermann, owner of the theatre, should have been given previous warning to enable him to better conditions.

Following is the resolution: Whereas, the Opera House situated on Lot 5, Block 25 of the original plan is not provided with sufficient means for the safe and speedy exit of people therein assembled in case of alarm and therefore is unfit for use as a place of assemblage in its present condition.

Resolved by the common council of the city of Rhinelander that the use of said Opera House as a place of assemblage be and the same is hereby prohibited.

WILL GARLAND ENDS LIFE BY SHOOTING

Former Rhinelander Young Man Is Victim of Despondency At Milwaukee.

W. J. Garland, a former well known young man of this city, took his life by shooting at his home 435 Ellen street, Milwaukee, last night. The tragic news comes as a shock to Will's numerous friends in Rhinelander.

The following is taken from today's Milwaukee Free Press.

Mr. Garland came home from work as usual last night and did not appear to be out of his usual spirits. Shortly after 8 o'clock he made some exercise to his wife for leaving the room where he was sitting with her and his three children. He took a loaded revolver from a bureau drawer and fired one shot into his right temple. He died instantly.

GIVE WHISKEY TO INDIANS.

Two Are Arrested for Toting Liquor On Reservation.

For introducing liquor on the Lac du Flambeau Indian reservation Gust. Gustavson and Wm. Decker were arrested Tuesday by Deputy U. S. Marshall J. Sherman.

The men appeared before Court Commissioner Billings and were held to await the action of the grand jury. Bonds were fixed at \$200 each which amount they have as yet been unable to furnish.

Wm. Appleby, deputy U. S. Marshall, arrived in the city this morning and will take the prisoners to the Madison jail if bail is not obtained.

DIETZ TO RECEIVE AID FROM FRIENDS

Milwaukee Is Prepared to Assist Fearless Old Farmer In Fight With Possee.

From Milwaukee comes news that a party of prominent men of that city under the leadership of Dr. Geo. Kleinschmidt are about to start for Winter to aid John Dietz in his stand against the posse which now surrounds his cabin. The Milwaukee men, numbering about forty, are heavily armed and will battle with Sheriff Madden and his force if necessary.

Public sentiment in the Dietz trouble is switching. Where formerly the sympathy was all with the authorities, now there is much sympathy expressed for the fearless old farmer and his equally brave wife and children. The shooting of the Dietz children by deputies last Saturday turned the tide. Many are loud in their denunciation of the officers for this act and say that the shooting was entirely unnecessary, especially the wounding of Myra Dietz.

In Rhinelander, the Dietz case is one of the main topics of conversation and the feeling here is in favor of the farmer, whom the authorities are pleased to call an "out law."

A Soe line engineer informs the New North that a subscription paper is being circulated at Minneapolis for the benefit of Dietz and a large amount has already been received.

Opinions Of Dietz.

Traveling men and others, who have been in Hayward during the last week and who are in a position to talk on the situation, say that Dietz is being persecuted. For six years the authorities have hounded him and his family until they have become desperate. Some believe that the man is not in his right mind.

Ray Markham of this city, who is a ger train number 111, the north bound in a drug store at Hayward and who helped to dress Clarence's Dietz's arm on the day he was shot, writes: striking a string of empty ore cars. "Dietz and his family are worse than the Doughsters. Everyone of them are sharp shooters and would not hesitate to kill. Mrs. Dietz is worse than John."

Deputy United States Marshall Appleby, who is in the city today, says: "Most people think that Dietz and his family are law abiding and peaceable. This is far from true. They are bad actors, every one of them. The officers should not be hampered in their efforts to get Dietz. I know that there will be plenty of blood spilled before he is taken."

Supt. Whitehead of the Badger State Humane Society expresses himself as follows:

"Shame on the parties who are trying to kill Dietz and his family. They are cowards. I admire this man Dietz for protecting his rights and his children."

In behalf of law and order Dietz must be captured. It seems strange that the great state of Wisconsin is powerless to cope with one man. If he cannot be taken it is time for the state to go out of business.

Davidson Guarantees Fair Trial.

Late advices from Madison are to the effect that Governor Davidson has sent a special messenger to the Dietz homestead, asking that Dietz surrender to the officers with the guarantee of a fair trial in the courts.

WINDOW FATAL TO PARTRIDGE.

About ten o'clock Monday forenoon a partridge flew against the plate glass front of Fredrickson's shoe store with such terrific force as to break its neck. Geo. Shoultise, who happened along at the time, picked up the bird and had it prepared for dinner at a nearby restaurant.

E. S. Shepard is authority for the statement that partridges are so tame this fall that they flock about his residence grounds like domestic fowls.

IRONWOOD HERE SATURDAY.

The Ironwood foot ball team, a strong organization of gridiron warriors, will meet the Rhinelander High school team in this city next Saturday. Rhinelander has a strong line up this season and will give the husky eleven from the mining camp a hard tussle. Go out and see the battle and "root" for the home squad.

GRIND OF CIRCUIT COURT.

Plaintiff Is Non-Suited In An Important Civil Case.

After an adjournment from Friday night circuit court for Oneida county commenced its second week on the fall term Monday afternoon.

In the civil suit of Martin V. Murray, special administrator of the estate of Arthur Murray, deceased, against Drs. M. J. and Eug. Donohue, and Dr. Watson of Antigo, the plaintiff was non-suited. The case was one which has been long in the courts and was brought to this county from Forest county. Several physicians from Crandon, Antigo and Milwaukee were in the city as witnesses.

Alice Reveles of Minocqua was granted a divorce from her husband. Addis Reveles. He failed to contest the action.

The suit of Otto H. Gebhardt, former sheriff of Cheboygan county, Mich., against Edmond Holmes and Eugene Schoettle is now being heard. J. Russ' case against the Rhinelander Paper Company will likely be taken up Monday. This is a damage suit for personal injuries.

Cummings Is Acquitted.

Thos. Cummings, who was on trial for larceny, was acquitted last Friday evening. The jury was out about five hours.

Earl Richards, convicted of robbery, was taken to Waupun Monday by Sheriff Jilson.

LIMITED RUNS INTO DITCH NEAR ODANAH

Northwestern Train No. 111 Strikes An Open Switch and Goes Down Embankment.

What in one sense proved to be one of the most fortunate wrecks in the history of the Ashland division of the Northwestern railway occurred late Saturday morning at a point just south of Odanah. Passenger train number 111, the north bound limited, which arrives in this city at 3:59 a. m., ran into an open switch, striking a string of empty ore cars. The locomotive, trail and baggage cars jumped the track. The engine rolled down a steep embankment and was rendered into a heap of scrap iron. Both cars were badly damaged.

Engineer Chas. Abrams and Robert Lyman, the fireman, jumped in time to escape serious injuries, although they were painfully bruised.

A number of passengers in the day coaches and sleepers were violently shaken up but no one was hurt. It is reported that two occupants of the rear sleeping car were hurled from their berths by the force of the jar.

A Rhinelander man, who requests that his name be not published, was among those on the train. He says that he was just going from the chair car to the smoker when the accident happened. He was thrown against the vestibule door and fell to the car platform. Several panic stricken men, who rushed out of the smoking car, nearly trampled on him. The passengers became frightened, many imagining that they were injured. In his opinion it seems almost a miracle that the wreck did not result more seriously.

Traffic was delayed only a few hours, the wrecking crew having the track cleared at 11 o'clock that forenoon.

While it is generally known that the cause of the wreck was due to an open switch, it has not been learned who, if any one, is to blame. The railway officials are said to be conducting an investigation.

BIG SOCIAL AND SALE.

A big social will be given by the Swedish Lutheran church Saturday evening, Oct. 15, at the Scandinavian Hall. A pleasant time is assured and good things to eat will be found in abundance. The big event of the evening will be an auction sale of valuable and desirable articles of various descriptions. The ladies of the church are doing their utmost to make the evening a grand success. Admission free. Come and bring your friends. Remember the time and the place.

DELEGATES SEE CITY.

The delegates to the Congregational convention were given an automobile ride about the city this afternoon. Nineteen cars were in the procession.

THE BIG STORE WITH LITTLE PRICES

NEARBY TOWNS

Wausau—St. James' Catholic congregation of this city will build a new church to cost \$50,000. The structure will be of brick, stone and steel. It will be of the very latest in design and equipment. Work is to be begun in the spring of next year.

Milwaukee—Steve Lanke, a section man employed on the Milwaukee road was killed by a train near this village. The supposition is that Lanke had went to sleep on the track and was struck by a night special from Star Lake. He was an Austrian and nothing could be learned concerning his friends or relatives.

Merrill—All the property and interests in the Merrill Telephone Co. were on Saturday transferred to the Wisconsin Telephone company, in accordance with an agreement made earlier in the week. Steps were taken immediately by the new owners to improve the property and business, which will be done at an expenditure of at least \$4,000.

Washburn—The big mill of the Stearns Lumber company in this city will run until navigation closes in the fall. For a time it looked as though the mill would have to cease sawing soon for a shortage of logs. The company has 60,000,000 feet of timber stored at the head waters of the Bad river but on account of the low water was unable to

transport it. The recent rains raised the water in the river and the logs will now be driven to the bay where they will be rafted and brought to this city.

Grand Rapids—The Howe school on the east side has been closed until October 10, because of fears of an epidemic of scarlet fever. There are many cases of the disease in this city.

Hurley—Rev. Father Joseph Olish pastor of the Catholic church at Iron Belt, died in an Ashland hospital where he had gone for treatment. His remains were interred at Ashland, funeral services being conducted from the Polish church.

Marquette—Katherine Shunior, 41 years old, made her fourth matrimonial venture when she wedded J. C. Loughery, 25 years old. Both are Indian residents of the Keweenaw reservation in Shawano county. The ceremony was performed by Judge John McMillis. It is said that the bride is wealthy in property left to her by former husbands.

Crandon—The W. M. Sherlock Grocery Company of this city has filed a petition in bankruptcy and closed the doors of its store. The demands of certain creditors for immediate payment is responsible for the failure. The firm members were W. M. Sherlock and Frank Gaylord.

Ashland—Articles of incorporation of the Ashland Paper Company have been filed with the secretary of state. The capital stock of the new concern is given at \$60,000. In addition a copy of a duplicate agreement is on file in the register of deeds office, under which the company agrees to erect a building and install machinery at a cost of not less than \$15,000.

Oconto—Pearl, the nine year old daughter of Christ Peterson of Breed, lost three fingers of her right hand in a feed cutter. The child's father had just purchased the cutter and in her curiosity she ran her hand into the undersides of the machine and in front of the knives.

Florence—Ten Ne'o's a d E Fluk farmers in the town of Homestead, had a desperate fight with a big she bear while hunting near their home. The bear and two cub were in a tree when the men shot at them. The mother was wounded and hopping to the ground, attacked Nichols. Fluk came to his friend's aid and fired several shots at the enraged animal but with apparently little effect. He then hit the bear over the head with the butt end of his gun until she became weak and groggy and relinquished her hold on Nichols. A well directed shot from the latter's rifle ended the battle. Nichols was badly injured.

Escanaba—The Escanaba retail dealers have organized a Credit and Delivery Association. The system will be worked out under the following method: the city will be divided and covered by regular delivery clerks, who will leave the retail stores at a certain time during each day for the central station, and also leaving the central station for their delivery work at a stated time each day. The system will be installed about Saturday, October the first.

Superior—Chief of Police McKenyon has caused to be issued a warrant charging Homer R. Corey, a prominent local lumberman, with manslaughter. He is accused in con-

nection with the death of William Cavanaugh, a sailor, who was run over by Corey's auto and died a few days later. The coroner's jury failed to fix the blame, but the authorities have decided to push the case.

New London—Inasmuch as the ore business from the Lake Superior district is not now as heavy as at this time last year, the output of the combined ranges will not reach 50,000,000 tons. The production last year approximated 42,500,000 tons of which 41,675,000 tons were forwarded via the great lakes.

Antigo—In competition with buyers from New York and Chicago, Edward Goldberg has purchased about 1000 pounds of ginseng roots in the vicinity of the village of Bryant. At the price paid, \$6 per pound, the value of the amount purchased is about \$6000.

START NEW CAMP.

Brown Bros' Lumber Company has started a new camp about 4 miles north of Robbins, this county. Joe Mayo, who is an old foreman for the company, will be in charge of the camp and left yesterday to begin operations. Andrew Thompson has been engaged as cook.

The company will cut over three million feet of mixed timber in that vicinity during the coming winter. Between sixty and seventy men will comprise the crew.

CARR CAN RAISE CORN.

Some of the finest corn ever raised in northern Wisconsin comes from the farm of W. W. Carr. It is of the Triumph flint variety and will easily harvest seventy-five bushels to an acre. The stalks are small but the ears are of an extremely large size and perfectly filled. Farmers from all parts of the county are purchasing the corn for seed.

SELLS BARBER SHOP.

Frank Haas has sold his barber shop under the Owl saloon on Brown Street to Anthony O'Malley of Fort Atkinson. Mr. O'Malley will take charge the 27th of this month.

Mr. Haas, who is one of the old barbers of the city, intends to locate in Idaho where his parents have been for the last two years.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by All Dealers.

Otto Himple, formerly of this city but lately of Oshkosh, is at Boland's camp near Covor. His health is poor and he thinks that a winter in the northern pines will benefit him.

Mrs. Jennie Dolan and little daughter, Elizabeth, left Saturday for Rochester, Minn., where the child, who has been in ill health for some time, will undergo an examination by the Drs. Mayo.

Night school at the Rhinelander Business College opens Oct. 3rd.

WEATHER FOR OCTOBER.

Month will be of About the Average Warmth.

5th to 9th, Mild Period—Pleasant days and clear skies at most points east and west, except on gulf coast and the southwest, where showery conditions prevail.

10th to 14th, Rain Period—General cloud area extending northward from the gulf coast to the Great north Atlantic slope and the upper Ohio valley.

15th to 18th, Pleasant Period—Fair weather prevalent in western, central and southern sections. Damp and foggy over the Lake region, New York and New England.

19th to 23rd, Cold Period—Low temperature for October in the west and northwest. Killing frosts in central and middle Atlantic states. Temperature 22 degrees at Helena, 24 at Omaha, 29 at Hannibal, 23 at Indianapolis, 26 at Elkins and 23 at Baltimore.

24th to 27th, Fair Period—Weather generally pleasant and genial at all points. Auroral display a marked feature of the night skies in northern sections of the country at about this time.

28th to 31st, Storm Wave—Heavy gales and damaging storms prevalent in most parts of the country. Great danger to sail craft on all coastal waters.

The month as a rule will be of about the average warmth.

The rainfall will be generally below normal everywhere, except in west gulf states, where it will be heavy.

LAY CHURCH CORNER STONE.

The laying of the corner stone of Eagle River's new Episcopal church took place last Friday. The ceremony was conducted by the Matonic order, under the direction of W. W. Perry, Grand Secretary. Bishop Wheeler of Fond du Lac was present and also several clergymen, including Father Johnson of this city.

The vested choir of St. Augustine's church, assisted by Mrs. E. A. Forbes as organist, Mrs. Sawtell as leader, and Mrs. F. Bibby and Miss Bencke as choir mothers, participated in the exercises.

Frank Bibby of this city is building the edifice which will be a credit to Eagle River.

SUFFERED THREE YEARS WITH CHRONIC CATARRH.

Mr. Disch, of Louisville, Gives Peruna the Credit for His Recovery, and Recommends it to His Friends.

MR. JOSEPH F. DISCH, 451 W. Jefferson St., Louisville, Ky., writes: "I take great pleasure in recommending your valuable Peruna as a catarrh remedy."

"I have been suffering for the past three years with catarrh, and had used almost everything in the market until I read of your wonderful Peruna remedy. After using two bottles of Peruna I can cheerfully recommend it to say one having the same disease."

"I was almost compelled to give up my business, until I used your remedy, and I have never been bothered with catarrh since."

Hon. C. Slem, Congressman from Virginia, writes: "I can cheerfully say that I have used your valuable remedy, Peruna, with beneficial results, and can unhesitatingly recommend your remedy to my friends as an invigorating tonic and an effective and permanent cure for catarrh."

People who object to liquid medicines can now secure Peruna Tablets. Sold by druggists, and manufactured by The Peruna Drug Mfg. Co., Columbus, Ohio.

HERE'S THE SECRET. MOTHER

"It's the Baking Powder,—not much like your old-style kind that cost three times as much and wasn't half as good."

"Well, it's just wonderful. Everything you make is light as a feather and the best I ever tasted. In my time, I thought I was a fine cook when I could get a cake to look like that. And to think it always comes out right! How foolish I've been to stick to the high-priced kind,—forty or fifty cents a pound and no better than they were fifty years ago!"

Baking Powders have improved along with everything else in the last fifty years. We guarantee that today the Best at Any Price is

STATE AND COUNTY TICKET.

The following are the republican candidates to be voted on November 8th, at election. They have stood the contest in the primaries and have most of them made good efficient officials in their present positions. This paper loyally supports them for election. Stand by the ticket.

STATE.

For Governor—Francis E. McGovern.
For Lieutenant Governor—Thomas Morris.

For Secretary of State—James A. Frear.
For State Treasurer—Andrew H. Dahl.
For Attorney General—Chas. H. Crownhart.
For Commissioner of Insurance—Herman L. Ekern.

CONGRESSIONAL.

Representative in Congress 10th District—Elmer A. Morse.

LEGISLATIVE.

Member Assembly 79th District—D. B. Stevens.

COUNTY.

For County Clerk—William W. Carr.
For Treasurer—Carl Krueger.
For Sheriff—Chas. S. Crofoot.
For Coroner—Charles Decanter.
For Clerk of the Circuit Court—E. C. Sturdevant.
For District Attorney—Charles W. Fricke.
For Register of Deeds—Charles Davis.
For Surveyor—D. H. Vaughan.

The republican state central committee met at Milwaukee last Monday afternoon and elected Wm. Essman secretary of the republican state central committee and C. H. Crownhart was chosen as republican candidate for attorney general in F. H. Tucker's place.

The stalwart owners of the Rhinelander News now admit they secured a pig in the bag when they purchased the Vindicator. They confess that the paper had only three hundred ninety subscribers. Could they afford to expose their hand to save two hundred fifty dollars on the purchase price? "The truth will out."

Levi H. Bancroft, who was defeated by a dead man for the republican nomination for attorney general has taken legal steps to compel the secretary of state to place his name upon the ticket as the republican candidate.

Most people would be willing to quit after being defeated by a dead man but not Bancroft.

THE DEPOT SITUATION

Up to this time the status of the location of the Soo depot seems unchanged. However, much quiet work by the friends of the few who are most interested in the west side location is going on. While we have our own personal views, we do feel those who have invested their money with the present conditions have a strong case in the eyes of justice; and we do believe the present location is more convenient for all citizens. We fear the controversy over location is exactly what the Soo officials wish, so they can keep the money in the treasury and smile at the joke. We do want a modern up-to-date Soo station and we want it at once. Let's all pull for a new depot.

HANSON-SAMUELSON NUPTIALS

Four Hundred People Witness the Ceremony Sunday Evening.
Miss Olga Hanson and Herman Samuelson were united in marriage by Rev. Svarthemo at the Norwegian Lutheran church, Sunday evening. The ceremony was a pretty one and was witnessed by four hundred people. The gathering was one of the largest to ever assemble in the church. Potted plants, cut flowers and evergreens formed the decorations. The bride and groom were Miss Edna Johnson and Henry Hanson were best man. Mabel Anderson, Olga Rodd and May Wold were flower girls. After the wedding a reception and supper was held at the Scandinavian hall. The bride is the daughter of Mrs.

Hans Hanson and has grown to womanhood in this city. She is an estimable young lady and her friends are many.

Mr. Samuelson is a steady industrious young man well liked by all who know him. He is in the employ of the Stevens Lumber Company.

Mr. and Mrs. Samuelson have commenced house keeping on the north side.

NEW HIGH SCHOOL PAPER.

Students to Have Publication of Their Own.

The proceeds of the lecture given by Mr. Hemenway, which were about \$14 will go toward the Athletic fund. Mr. Harrison left Rhinelander Thursday to attend the Superintendent's convention at Madison. He will return Sunday.

Arrangements are being made for the first publication of the new High School paper. Elections were made as follows:

Business Manager—Jeff Redfield.
Exchange Editor—Glenn LaPage.
Athletic Editor—Louis Fenelon.
Literary Editor—Ida Thurston.
A class editor is still to be elected from the four classes, after which work on the publication will be pushed rapidly.

REVOLUTION IN PORTUGAL.

Country Proclaimed a Republic and King Threatened.

Cable advices officially confirm the report that Portugal is swept by a revolution of far-reaching extent, threatening the safety of the royal family and the existence of the monarchy itself.

The royal palace at Lisbon has been under bombardment from warships which have made common cause with the revolutionists. The extent of the destruction and loss of life is not yet known, owing to the rigorous censorship and the interruption of telegraphic communication.

King Manuel has apparently fled from the capital and sought refuge on board a warship, either Brazilian or British.

About two years ago the king's father and brother were assassinated and since that time there has been a great restlessness in Portugal. The republican leaders of the country say this revolution is brought on by the disregard of the king for the rights of the people.

Later, after a bloody battle in which many were slain the government is in the hands of the republicans. A new national flag of red and green is flying over the public buildings.

The republican leader says preserve lives and protect property. Some predict this will cause civil war in Spain.

The German officials say Manuel's daughter is in the hands of the republicans. A new national flag of red and green is flying over the public buildings.

First Cancer Theory.

Crocker's gift of a cancer fund will help out in finding the cause and possible cure of the disease, and then a dying man's wish may bless the world forever. The cancer problem will first have to be worked out in theory. Some intellect will take all the assembled facts, all that is known to be entirely true about cancer, and then theory will be worked out and will have to agree with every fact, when the cause of cancer will seem so simple that the great wonder will be that there was ever any question about the cause. Again, sometimes a man comes along, thinks out theory and by it shows certain of the accepted "facts" to be false.

A Gentleman and Boots.

The "first gentleman in Europe" got the very worst definition of a gentleman from his valet when driving down to Brighton. The prince regent was arguing about the gentleman, and finally turned to his valet. And the valet replied that a gentleman was one who did not clean his own boots. It was a funny reply. One likes better the demand of the duke of Wellington, "Give me men who can sleep in their boots."

ROYAL TACT AND COURTESY

King Stanislas of Poland Proved Himself Possessed of Real Nobleness of Heart.

It is a great thing to be a king, and an even greater inheritance for a monarch to have always at his command tact and courtesy in addressing an inferior. Not all are fortunate enough to have it, but as Mme. Vigee LeBrun describes Stanislas, the unfortunate king of Poland, he is seen to have been the happy possessor of this more than royal charm.

His kindness was unequalled. I remember receiving myself a proof of it, which even now causes me to feel ashamed. Sometimes, when I am painting, I seem to lose sight of everybody and everything except my model, which has often caused me to behave in a very rude manner to those who happen to disturb me when at work.

One morning, being engaged in finishing a portrait, the king of Poland came to see me. I had heard the sound of horses at the door and guessed who it might be, but I was so much absorbed in my work that I felt vexed, so much so, indeed, that when he opened my door I called out, "I am not at home!"

The king said not a word, but put on his coat again and departed. As soon as I had quitted my palette I remembered how I had behaved, and felt so ashamed that I went that same evening to see the king, to make my excuses and to ask for forgiveness.

"How you greeted me this morning!" said he, as soon as he saw me, and added: "I can quite understand that when one disturbs an artist who is very busy it is annoying to her, so believe me, I do not feel at all vexed with you."

He made me remain to supper, all my behavior being forgiven.—Youth's Companion.

HAD BEEN WAITING FOR HIM

Newly Engaged Girl Had Decided Variation on "This Is So Sudden" Formula.

"Women are the vain things," said the moody railroad clerk who had quarreled with "his girl" and couldn't help telling about it. Then he went on: "I've been calling on her a good while, but to-day when I got hold of her hand I noticed her third finger was swollen. I found a tiny ring on it cut deep into the flesh. She told me her grandmother, when she was dying, gave her the ring. The girl was seven then, but she's 18 now, and she never took it off. I found out the ring hurt her, so I pulled out a flat key and a nail file. I got the thin, flat key under the ring and then filed across it. She said it didn't hurt her, but as I was nearly done she fainted. I nearly fainted, too, but I got a glass of water and spilled it over her and she came to slowly. By that time I had the little ring off. After a while she held up her hand and looked at the fearfully swollen digit, and tears came in her eyes 'Jim,' she said, half angry, 'you've spoiled my hand. How'll I ever cover up that awful finger? It looks deformed, Jim, and you're to blame.'"

"Never mind, little girl," says I. "I'll get you an emerald engagement ring to cover it. How'll that do?"

"She didn't say 'This is so sudden' But she did say: 'Why, Jim, you're awful slow. I expected you to say that a year ago.'"

"And then we quarreled."

WITH THE MOUNTAIN WHITES

Widow Looked Forward to a Period of Enjoyment—The Husband and the Mule.

A home missionary under the auspices of the American Missionary society, which has its headquarters in New York, tells the following tale of an old woman encountered during her work among the mountain whites of Saluda, N. C.

She found the old lady enjoying a comfortable pipe in front of her little fireplace. She greeted the visitors cordially, and upon their departure pressed them to call again.

"You'll always find me right here," said she, "unless I go off for a visit. Now my husband's dead I'm going to enjoy myself."

The same domestic atmosphere seemed to pervade the reply of another, whom the missionary asked if she didn't know there was a day of judgment coming.

"Why, no," said the old lady, "I hadn't heard of that. Won't there be more than one day?"

"No, my friend; only one day," was replied.

"Well, then," she mused, "I don't reckon I can get to go, for we've only got one mule, and John always has to go everywhere first."

Imposed on Author.

For careless generosity, Daudet, the great French writer, could not be outclassed by any man of his time. At one time he used to place on the mantelpiece of his study, at the time when he held his weekly receptions, a bowl which was filled with silver coins. It was understood that if anyone of the bohemians of letters who came to see him needed a little financial assistance he could go to the bowl and help himself. The experiment naturally failed. There were those who came to the receptions only for the sake of the bowl; there were those who put too liberal an interpretation on the mute invitation extended to them. "I used to see fellows pocketing the coins by handfuls," said Daudet, "and in the end I had to abandon the practice."

THOUSANDS GATHER AT BATHS

Arabian Men and Women Make Meeting Place of Springs at Hamman-Rirha.

Dr. Georges Martin of the thermal station of Hamman-Rirha gives an interesting account of the Arabs who come in crowds to take the baths at that station. Their number every year can be estimated at more than 20,000.

Of these bathers about two-thirds are women. Besides the medical effect the baths are for the Arab woman a meeting place, where she encounters her friends, as they remain a long time in the baths, three-quarters of an hour or more. They dip themselves in the water from time to time; then, sitting on the curb, they chat, laugh and sing.

Sometimes one of them addresses an invocation to the Sultan Eliman (Solomon), patron of the springs hidden in the mountain. The more believing sometimes receive their recompense in seeing the steam rise from the waters. After the bath the native rolls himself in his cloak and lies in the sun.

To quench the burning thirst which the very warm bath gives Arabs suck the juice of lemons or oranges or they go to the "cafe maure" attached to the baths to drink a tiny cup of coffee. Many Arabs, instead of coming to the establishment, prefer to take the bath in the open air. On the side of the hill a spring flows from the rock and the natives come to bathe in the natural basin where the water gushes out.

As a votive offering the women hang portions of their veils on the neighboring bushes. The childless come there proudly to plunge in their small stuffed dolls. It is there that the prayer is above all agreeable to Eliman. They sacrifice fowls to him, they burn incense and spices in the earthen braziers, and it is in his honor that the little many-colored wax tapers stuck in the ground burn so often at night.

An Editor's Industry.

In preparing an edition of Shakespeare for the press, Mr. Stevens gave an instance of editorial activity and perseverance which has been seldom equaled. For a period of 18 months he devoted himself entirely to the work, and during that time he left his house every morning at one o'clock, and proceeded, without any regard for weather, to the chambers of a friend in Staple Inn, where a portion of the letter press was lying ready for his revision; so that while the printers were sleeping the editor was awake, and the whole edition of 15 large volumes was completed in the space of twenty months.

EXERCISED SENSE OF HUMOR

How Miss Cartright's Favorite Nephew Carried Out Her Instructions as to Mail.

"Why won't my folks remember to address my letters as I've told them to? I've written repeatedly to tell them how my mail gets all mixed up with that of those Cartridges in the village, and yet they forget."

Thereupon Miss Cartright sat down at her desk and wrote several epistolary postal cards—being quite at the end of patience, and having had trouble with her mail ever since she rented this place north of Croton.

A few days later she received the following letter from her favorite nephew, Bob:

"Dear Aunt Betty:—Having had from you a Roasting, Furious, Dictatorial communication, I—a youth ordinarily Radiant, Faceous, Debonair—have suddenly become Ruffled, Flustered, Despondent."

"After Ransacking Forty Dictionaries in vain search for light on the cryptic signs, I nevertheless bow weekly to your stern command—at least I do so on the inside of the letter as you can see for yourself. But to a Rational Fellow, Deliberating profoundly, only one way, alas! suggests itself of working 'em in on the outside."

"You yourself brought me up to thurst after Reasons For Doctrines, so, for goodness' sake, let me know by return mail why on earth you insist upon my inscribing epistolary initials on your mail matter. Yours, Robert—Flabbergasted, but devoted still."

Turning hastily to examine Bob's envelope, Miss Cartright saw why the postman had been so "queer" this morning. He had handed out her mail, his face all in a broad grin, and had remarked, as he drove off: "I s'pose the original old Rural Free Delivery puts up here, don't he?"

Bob's letter was addressed to Miss Elizabeth Cartright—"In the care of the Hon. R. F. D. Esq."—Youth's Companion.

PASSED EVENING IN PEACE

Foxy Pittsburg Man Devised Scheme Which Worked Out into a Beautiful Success.

The wise man of Pittsburg lives in Shady side. If there's one thing he loves to do when he goes home it is to read a book in peace. One night when he arrived home he was informed by wife and daughters that they were to have company that night. The wise man's face fell as he contemplated the new volume under his arm, "one of the six best," etc. Who were they? O, some women friends. "I'll beat the game," said Mr. Wise Man to himself. Immediately after the evening meal he dashed out to East Liberty, bought one of those cut-up picture puzzles, with 250 pieces in it, dashed back again, and when the company arrived and had been comfortably seated, he interrupted the chatter, to spring the puzzle on the unsuspecting women. They fell into the trap. The only table big enough for the game was the large dining table. This was cleared, and all gathered about to patch the big picture together.

When they were well absorbed, Mr. Wise Man took his book off in a corner, in a comfortable rocker, and read until aroused after midnight only by the departure of the company. The picture lay on the dining table about one-quarter complete. The guests were invited to come again.

The next morning breakfast was served in the kitchen on a small table, because mother and daughters refused to disturb the puzzle until they had completed it. For a week the puzzle occupied the dining table and mother and the girls would work at it in odd moments, while Mr. Wise Man read his books.—Pittsburg Gazette Times.

Taking the Census in England. In England a census is taken every seven years. In the United States the work costs some \$5,000,000; in England, with a population of 42,000,000, the work is done by the regular public officials, without extra cost. There the census is taken on a certain day at a certain hour, usually Saturday, at 11 p. m., because most people are then at home. Printed circulars have been sent by the police to every family and to the owners of all lodgings and hotels. These circulars contain blanks, which must be filled.

CANALS FOR BENEFIT

LESSON FROM EUROPE SHOWS HOW WATERWAY IMPROVEMENT HELPS RAILROADS.

HAS A CREATIVE EFFECT

Construction of the Manchester Ship Canal Shown to Have Resuscitated Many Dying Towns—Many Give Similar Experiences.

In previous articles it was shown that the waterways carry goods more cheaply than railways do or can and compel the railways to carry for less than they otherwise would, and then the claim was made that the improvement of waterways is a benefit to the railways with which they compete. Several instances were given to support this claim and many more might be given if space allowed, for the writer, who has studied the subject for 25 years, has found many instances of benefit, and not a single instance of harm, to railways from the improvement of waterways. It is now in order to see if we can find a reason for this rather surprising result.

Waterways, as has been said before, produce benefits in three principal ways—by direct saving in the cost of transportation of goods carried by water, indirect saving, by the lowering of railway rates through the competition of water routes, and by what may be called a creative effect. It is this last named effect which we are now to consider.

Manchester, England, before the construction of the ship canal, was a dying town. Hundreds of stores and thousands of dwellings were empty, factories were closed—some moved away—and population was decreasing. With the opening of the canal all this was changed. Factories reopened, new ones were built, the empty houses were refilled and thousands of new ones built to accommodate the population that came pouring in. And the benefits were not confined to Manchester alone, but were distributed over the whole great industrial region, containing over 8,000,000 people, of which Manchester is the center. It was not only natural, but inevitable, that the great increase in population and prosperity in Manchester and the surrounding region should be reflected in the business and the profits of the railways therein.

Liverpool Also Aided.

Liverpool fought desperately to prevent the building of the canal and the establishment of the new port of Manchester; but instead of being injured by the canal, the business of Liverpool has increased faster than before. During the 13 years before the canal was opened the increase in the harbor receipts at Liverpool was only \$100,000; in the same length of time after it was opened the increase was \$1,365,000. The 6,000,000 tons of traffic at Manchester have not been stolen from Liverpool, they have been created by the canal.

Frankfort, Germany, before the River Main was improved, was not a dying city but was decidedly stagnant. Mannheim and Mayence on the Rhine, which had been improved, were growing rapidly, while Frankfort was growing very little. As soon as the canalization of the river was finished, which was in 1886, the city began to grow and has kept on growing ever since. The population, which was 154,000 in 1885, has increased to 229,000 in 1895, to 325,000 in 1905, and is probably more than 400,000 now. Evidently the people of Frankfort expect their city to keep on growing, too. They spent over \$1,500,000 on a harbor when the river was first improved and are hard at work right now building a new and much larger harbor at a cost of \$17,500,000. Just as in the case of Manchester, the benefit was not confined to the city of Frankfort; the industrial and commercial life of the whole region was greatly stimulated. Mines long closed were reopened, new industries were started, and today there is an almost continuous succession of factories lining the banks of the river from Frankfort to the Rhine.

Everybody Reaps Benefit.

Hunt the world around and always and everywhere we find that the improvement of waterways sets cities to growing, factory wheels to humming, and commerce to moving in a wider and swifter stream. Railroads get more business in big cities than in small towns, in a densely populated manufacturing region than in one that is thinly settled. Waterways, therefore, benefit railways—and states and nations as well—by promoting an increase in population, in manufactures and in commerce. But for one who likes to get clear down to the bottom of things there still remains the question: "Why do waterways increase population and create commerce and industry?"

Censal General Mason, now in Paris, but for some years at Frankfort, says: "German statesmanship was among the first to foresee that the time would come when, railways having reached their maximum extension and efficiency, there would remain a vast surplus of coarse, raw materials—coal, ores, timber, stone, and crude metals—which could be economically carried long distances only by water transportation, and that in a fully developed national system the proper role of railroads would be to carry passengers and the higher classes of merchandise manufactured from the raw staples that the waterways had brought to their doors."

The following report of Committee on Illegal Tax was read.
To the County Board of Supervisors of Oneida County, Wis.
Gentlemen:—Your Committee on Illegal Taxes beg leave to report that they have examined the following bills referred to them and recommend that they be allowed, disallowed or disposed of as set forth in the schedule hereto annexed.

Dated Sept. 12th, 1910.

No. 1. Petition of H. E. Keppler to cancel tax certificate on Lot 10, Sec. 36-37-5 issued on the sales of 1908, 1909 and 1910. Committee recommended that the certificates be cancelled for the reason that said lot was illegally assessed for the taxes of 1907, 1908 and 1909 as an entire parcel of land, when it should have been assessed in separate parcels to the different ownerships.

No. 2. Petition of C. C. Yawkey to cancel tax certificate No. 291, sale of 1910. Committee recommended that the certificate be cancelled for the reason that the land described was vacant when assessed.

No. 3. Claim of Guaranteed Investment Co. for refund of amount paid for certificate on SE SE Sec. 15-36-5, sale of 1901, amount \$21.74. Committee recommended that the claim be allowed at \$18.91, being the face of certificate and interest, as certificate was cancelled by Judgment of Court.

No. 4. Petition of John W. Kelley for rebate of tax of 1909 on land in town of Minocqua. Committee is without authority in law to recommend a rebate of this tax, and the County Board has no authority to make such rebate. The Commission constituted by the statutes had the power to adjust this tax at any time before the tax sale but are now powerless to act.

Moved by Supervisor Parker and seconded by Supervisor Kloe that the report be adopted as read and Chairman and Clerk instructed to draw order for same as allowed in said report. Carried all voting aye.

On motion Board took a recess until Sept. 15, 1910 at 2 p. m.

Board of Supervisors of Oneida County, Wis. met pursuant to recess taken. Meeting called to order by Chairman A. W. Brown.

Moved by Supervisor Bernstein and seconded by Supervisor Kloe that Printing claim No. 3 be allowed and Chairman and Clerk instructed to draw order for same. Motion carried all voting aye.

The following report of Highway Committee was read.
Report of Committee of County Board appointed to act upon petitions for a highway under Chapter 52 R. S. 1908.

To the County Board of Supervisors of Oneida County, Wisconsin:
Gentlemen:—Your Committee duly appointed by your honorable Body to hear, act upon and determine the petitions for a public highway to be laid out and opened on or near the town line between the towns of Newbold and Crescent and between the towns of Woodboro and Cassian and for a distance through the town of Cassian west to the Tomahawk River as described in said petitions, herewith respectfully submit the following as their report and determination upon said petitions.

First: Your committee gave due notice pursuant to law of the time and place of the holding of a meeting, to-wit, the 14th day of September, 1910, at ten o'clock in the forenoon, at the court house in the city of Rhinelander, Oneida County, Wisconsin to hear and determine said petitions. A copy of said notice and proof of publication thereof is hereto attached and marked Exhibit A.

Your committee met and personally went over and examined the highway petitioned for and as surveyed by Geo. W. Smith, surveyor, whose field notes of said survey are on file with this County Board, and personally examined said surveyed highway and made certain detours from, along and near said highway necessary to obtain a level and serviceable highway and to avoid high hills and reduce the construction to a minimum cost, and have prepared their report of said examination in the form of a blue print showing the detours and accompanying the same herewith which is marked Exhibit B and made a part thereof.

Second:—Your committee met pursuant to said notice and heard said petitions and acted favorably thereon, passing the following resolution:
Resolved, that the highway as petitioned for by said petitioners and as laid out by the survey of Geo. Smith with the detours as made by this committee and shown on the blue print, be and the same hereby is laid out with a width of four rods wide which resolution was voted upon and carried unanimously, thereby recommending the laying out, opening and constructing of said highway according to the specifications to be determined by your Board and we recommend that it shall be twenty-four feet wide on the grade.

Third:—Your committee have assessed the damages and benefits to each of the property owners of lands that they have determined shall be taken for said highway and herewith attach their report of said assessment of damages and benefits. See Exhibit C hereto attached.

Fourth:—Your committee respectfully recommend that the County Board make an order approving of our determination and laying out of said highway and directing the opening up and construction thereof forthwith by the respective towns of Newbold, Crescent, Woodboro and Cassian, through which it will run, and upon their failure to so construct said road that said County Board or its committee shall proceed to open up and construct the same according to law.

EXHIBIT C
The assessment of Damages and Benefits by Committee of County Board We, the undersigned committee of the County Board, duly appointed for that purpose, having on due application determined to lay out a highway as follows: commencing at the junction of the south-east corner of the town of Newbold and the northeast corner of the town of Crescent and extending west along or near the line between said towns and the towns of Newbold and Crescent to the Northwest corner of the town of Woodboro and thence due west to the Tomahawk River, and being able to agree with a part of the owners thereof as to the award of damages to the unknown owners of the following described property of \$1.00 per each description for the lands taken for said highway. A blue print of the survey as laid out is hereby attached containing each description from which land is taken for said highway and the amount of damages over and above all benefits assessed to the unknown owners of each of said descriptions, excepting that to O. H. McLaughlin, owner of the south half of the southeast quarter of Section 35 Town 37, Range 37 to whom has been awarded the sum of \$10.00 damages including the cost of removing a fence pursuant to the agreement there attached. The total amount of damages awarded amount to the sum of ninety-eight (\$98) dollars which amount is the total amount of damages assessed over and above all of the benefits derived from the road passing through and over said property.

Moved by Supervisor Parker and seconded by Supervisor Scott that the report be adopted as read. Motion carried the Supervisors voting as follows: Barlow, Brown, Bolger, Bernstein, Conniff, Crofoot, Dunn, Kahn, Kloe, Kelly, John Meyers, Parker, Strangstad, Scott and Towne (15) voting aye and Lubold, Marshall, Novak, and Wubker (4) voting no.

The following order was read.
ORDER OF COUNTY BOARD LAYING OUT HIGHWAY.

The County Board of Oneida County, Wisconsin in session duly assembled, and by resolution duly passed, hereby make the following order laying out a highway as herein described.

STATE OF WISCONSIN

ONEIDA COUNTY

Whereas, upon the petition of sixty or more resident free holders of said County of Oneida, fifteen or more of whom reside in the town of Newbold and fifteen or more of whom reside in the town of Crescent and fifteen or more of whom reside in the town of Woodboro and fifteen or more of whom reside in the town of Cassian, all in said County, for the laying out of a highway extending through, near and into the towns of Newbold, Crescent, Woodboro and Cassian and along or near the town line between town of Crescent and Woodboro and Cassian, and directly west from the line between Woodboro and Cassian to the Tomahawk River a distance in all of about

12 and one half miles in said County of Oneida, commencing at a point in the south-east corner of the town of Newbold at the junction of the north-east corner of the town of Crescent, and thence west as above described, we, the undersigned County Board of Supervisors of said county, by our duly authorized chairman as by law in such case made and provided, having heretofore duly appointed J. M. Scott, Matt Conniff and Everett Towne, three members of said Board as a Committee with full power to act in the premises, which committee did duly make out a notice, duly sign and fix therein a time and place at which the committee would meet to decide upon said petition; and did give notice of the time and place of such meeting by publishing the notice so made out for three weeks previous to the time fixed therein in the New North, a newspaper published in the said County, a copy of the said notice and proof of publication thereof as

companies the report of said committee.

And whereas, said committee did meet on the 14th day of September 1910, at ten o'clock in the forenoon of said day, at the court house in the room of supervisors, in the city of Rhinelander, it being the time and place fixed in said notice, and did then and there proceed personally to examine said highway which they had theretofore personally passed over and examined, and did hear all the reasons that were offered by parties interested therein and did decide upon said petition and did determine by resolution duly passed to lay out said highway as herein set forth, and said committee having duly reported their said determination and their award of damages for the land taken for said highway.

Now therefore, pursuant to said petition, we, the said County Board of Supervisors of Oneida County, Wisconsin, do hereby ratify and confirm said report and the laying out of said highway.

And do hereby order and determine, that a highway be, and the same hereby is laid out in and through the towns of Newbold, Crescent, Woodboro and Cassian as follows, to-wit, and according to a survey of the same caused to be made by the Board of Supervisors as modified by the necessary detours to avoid lakes and hills and afford a level highway as made by our said committee. That the line of said survey is the center of said highway and the same is laid out four rods wide and with a grade not less than twenty-four feet wide, and commencing at the junction of the south-east corner of the town of Newbold and the north-east corner of the town of Crescent and extending westward on or near the town line between the towns of Newbold and Crescent and the towns of Woodboro and Cassian to the junction of the town of Cassian with the north-west corner of the town of Woodboro and thence due west through the town of Cassian to the steel bridge crossing the Tomahawk River, a distance of about twelve and one half miles.

Made and signed by the direction of the County Board of Supervisors by us this 16th day of September 1910.

A. W. BROWN,
Chairman of County Board.
W. W. CARR, County Clerk.

Moved by supervisor Parker and seconded by supervisor Scott that the order be adopted as read and chairman and clerk authorized and instructed to sign same. Carried, the Supervisors voting as follows: Barlow, Brown, Bolger, Bernstein, Conniff, Crofoot, Dunn, Kahn, Kloe, Kelly, John Meyer, Parker, Strangstad, Scott and Towne (15) voting aye and Lubold, Marshall, Novak and Wubker (4) voting no.

The following resolution was read:
Resolution limiting time for the Town Boards of the towns of Newbold, Crescent, Woodboro and Cassian to open up and construct a highway laid out by the County Board.

Resolved, that the town board of the towns of Newbold, Crescent, Woodboro and Cassian be, and they hereby are given thirty days from the date hereof to open up and construct the highway as laid out by the County Board, a copy of which laying out the said highway shall be served upon each of said town Boards by serving upon the Town Clerk of each of the above towns.

Resolved further, that upon the failure of said towns or either of them to proceed to open up and construct said highway within said thirty days, then the County Board, through its committee, shall proceed forthwith to open up said highway and construct the same through the towns which have not proceeded to open up and construct the same, and the County Board shall pay for the construction of said highway so opened up and constructed by it and charge the same proportionately against the towns through which this board has constructed the same, according to law as in such cases made and provided.

RETURNS FROM NEOPIT.

A. M. Riley Resigns As Government Logging Superintendent.

A. M. Riley returned from Neopit the last of the week where he has had charge of the great government saw mill the past eleven months. Mr. Riley resigned several weeks ago but was not relieved until October first. Since he took the mill it has cut over thirty million feet of lumber, about one half hardwood and one half pine and hemlock. About twenty million of this cut has been logged under Riley's administration and ten million of the logs were previously cut. The average cost of the lumber has been about \$10.24, average selling value \$19.50, leaving a net profit of over nine dollars per thousand feet.

August L. Nicholson of New York is now in charge of the entire Menominee Indian reservation. We are informed that Mr. Nicholson is without experience in the lumber business.

There is a strong sentiment that the government officials in charge do not wish to see this mill a financial success.

THERE CAN BE NO REAL VALUE WITHOUT QUALITY

Some people value goods by the price they pay, others by the store in which they buy. Still others by what their neighbors say.

Those who value goods by the goods themselves always buy Chi-Namel when in want of Varnish.

It's the kind that can be washed with boiling water and soap—the kind that is not injured by hard knocks from either hammer or heel.

MR. HILGERMANN PROTESTS.

It seems to me that the city council was misinformed when they voted the opera house down last Tuesday evening. They said the exit doors swing inside; there is not a door that swings into the building, all swing outside. A few years ago I intended to build the opera house into offices, but then I felt the public would condemn my action, by taking away the only show house in the city. Then they wanted the stage built higher, so the show people could put up their own scenery, instead of leaving it at the depot. I built the stage accordingly which cost me \$1500. About two years ago the state building and factory inspector came along and ordered me to put up a fire ladder, but I decided to build a balcony and other changes. When the inspector came to inspect the same he was more than pleased with the balcony and said that the Opera house was as safe as any in the state. That improvement cost me over \$1000. About a month ago Mr. Hanson came to me and asked me if I wouldn't cut a door into the building leading to the balcony which I did. He also wanted two ladders leading from the balcony to the ground, which I ordered. I also put two new stairs in the rear, one six feet the other one seven feet wide, which was another expense of \$150. Then last Tuesday the council prohibited use of the house after my doing all that could be done for the safety of the public. Now figure all the expense I went to and see how much rent money I have left.

O. A. HILGERMANN

The Man Behind the Gun.

The late Admiral Erben had the good fortune or the merit to originate the world-circling phrase, "the man behind the gun." He used it in a speech on the factors of success in naval warfare to emphasize the necessity of having efficiency, preparedness run through the entire personnel. It was also a reminder that the enlisted men have a good deal more to do with bringing about a victory than always appears in history or official reports. The expression was employed in supplementing the views of Capt. Mahan, and attained circulation at once as epitomizing a whole library of instruction.

Not His Epitaph.

A man's fame does not always depend upon the height of his monument.

MEANING OF WILLOW PATTERN

Originally a Chinese Design and Dates Back as Far as the Thirteenth Century.

The willow pattern is a Chinese design and very ancient, dating probably as far back as the thirteenth century; less than two centuries later it was reproduced in the potteries of Holland. This pattern is a very complicated design containing many figures in small space. In the foreground is a palatial building, around which cluster impossible trees laden with flowers and fruit.

Close by is a lake, an inlet from which hang the drooping limbs of a willow tree, and far out in the lake is a houseboat. Three figures are passing over the bridge, while high up in the air a pair of billing and cooling doves are suspended. The imaginary legend of the willow pattern design is said to be as follows:

A nobleman living in the palace had a fair daughter who had fallen in love with a youth of low degree. One night, with the help of a ladder, the youth abducted the willing maiden and the somewhat shapeless figures on the bridge are supposed to represent the fleeing damsel carrying her bundle of finery, the daring lover, bearing the ladder, and the irate father, having in his hand an instrument of chastisement.

The boat in the distance is meant to represent the agent in the escape of the devoted lovers from the wrath of the angry parent, while the doves overhead symbolize the fact that they married and lived happily ever after, in the manner of the usual mythical tale.—From the Housekeeper.

Speech Restored After Eleven Years.
A remarkable case of a dumb woman recovering her speech is reported from Leeds, Eng. For 11 years Mrs. Ada Collingwood, the wife of a carpenter, had not been able to utter a single word. A fortnight after her marriage she had a paralytic seizure which left her speechless. Doctors and specialists were consulted, but from none of them did she derive any benefit.

A few mornings ago, however, Mrs. Collingwood after a fortnight's illness in bed suddenly uttered the word "the," and slowly but surely she is recovering her voice.

Small Work of Art.

A woven basket, so small that it is necessary to use a magnifying glass to appreciate the skill of the workman, is claimed to be the smallest in the world. It is a trifle over one-eighth of an inch in diameter, hardly large enough to hold a drop of water, and every stick is perfect.

NO PRINTING FOR POLITICIANS. FIGHTING WHITE SLAVE TRAFFIC

Unless They Pay Bills, So Say Milwaukee Printers.

At a meeting of the Master Printers' Association of Milwaukee it was decided to do no more printing for politicians who do not pay their printing bills.

A resolution was also passed in which it was decided that no printing from either the Republican or Democratic county committees would be taken by any member of the association unless the printing is paid for in advance.

"We had to take this step to protect ourselves," said one of the members. "Fully one-third of the printing I do for politicians is never paid for, and another third of the work I am compelled to carry on my books for a long time. Sometimes we are compelled to take off 20 per cent in order to get anything at all."

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by All Dealers.

Mrs. Wernicke Visits City in Interests of That Cause.

Mrs. Jennie Wernicke of Chicago, one of the leaders in the movement against the so called "white slave" traffic, was in the city Monday in the interests of that cause.

Mrs. Wernicke sells a book which pictures the evils of the traffic and the methods being pursued to suppress the same in America. The proceeds from the sale of this book are used for tracking down and convicting the immoral brutes who wax rich in the ruination of innocent girls. Several arrests of those engaged in this shameful business have recently been made in Wisconsin and northern Michigan through the efforts of the society which Mrs. Wernicke represents.

During her stay in Rhineland the lady received much encouragement in her work from the business people. She secured about fifty subscriptions for the book.

"MUSKY" WEIGHS 44 POUNDS.

Chicago Man Makes Big Catch in Planting Ground.

Carl Weber, a Chicago tourist, who is a guest at the Berg resort near Three Lakes, caught a 44 lb muskallonge while trolling in Planting Ground lake, last Thursday afternoon. The fish made a wicked fight and came close to upsetting the boat before it was landed.

On the previous day Mr. Weber in company with Hans Peterson, another Chicago man, captured two "muskies," weighing 26 and 32 lbs. The three fish will be mounted and sent to Chicago for exhibition purposes.

The gentlemen spend their vacations at the Berg resort and have reputations for getting the "big ones". Last season they made several record catches.

TAKE OFF FISH TRAIN.

The passenger service known as the "fish train," which run on the Watersmeet-Monico branch of the Northwestern road throughout the season, has been discontinued.

This train has been an accommodation not only to fishermen but has allowed business men to make trips to points along the branch and return on the same day.

The train, it is said, is a profitable venture for the railway company and will no doubt be put on again next year.

OWNS A BENZINE BUGGY.

It is an old saying that there is no one who is more prosperous and who enjoys life more than the farmer. An illustration of this can be seen right in this community when Mason Miller drives to town in his automobile. Mr. Miller has tilled Oneida county soil for many years and has stored away sufficient change to allow him to have some of the luxuries of this life, the same as the city dwellers. He says that horses are too slow for him and hereafter nothing but buzz wagons will do.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by All Dealers.

and is guaranteed by them as one of
the greatest bands that ever visited
America. The band will be assisted
by a soprano soloist.

Foland and the Italian Boys, Nov. 14.
Elbert Foland and the Italian Boys
will be remembered by the citizens
of Dixon. Wherever they have
appeared, the demands for return
engagement have made it necessary
for the orchestra to limit their time
in the territory where they appear each
year. The instruments used are two
violins, flute, clarinet and harp. The
company is assisted by a boy soprano
and Elbert Foland, humorous
reader. This will prove to be one
of the best of the course.

Fred. E. Hopkins, Lecturer, Nov. 17.
No public speaker on the platform
of today refutes more completely
the average idea that a lecture must
of necessity be a sort of penance for
its hearers than the Rev. Frederick
E. Hopkins, whose name the Central
Bureau has the honor of placing
before its patrons. Dr. Hopkins is a
brilliant, magnetic and charming
speaker, an orator, an entertainer,
and an educator. No man in years
has made a more emphatic success
with Lyceum audiences, and certainly
not one is better equipped for the
work. Young, of magnetic personality,
with a command of language not
excelled by any of his competitors and
without, unmistakably the bearer of a
divine "message", he brings to the
rostrum an element of which it
stands sorely in need, and we predict
for him certain success among our
patrons.

Bertha Kunz-Baker, Dec. 14.
The committee feel they have se-
cured a ten strike in their next
number. It has been many years
since Rhinelander has had a chance
to hear such a reader as the one who
will appear on the Entertainment
Course. Without any doubt Mrs.
Kunz-Baker is the greatest reader in
the United States.

Everywhere she has appeared,
committees have demanded her re-
turn year after year. Oshkosh Con-
gregational Men's Club has had Mrs.
Baker four consecutive years. Hear
Mrs. Baker read—Servant in the
House, or The Man from Home.

Here without a doubt is the great-
est Durno, The Magician, Jan. 12.
The man who makes you laugh. A
jolly company of funmakers and six
live animals.

Durno appears, the fun begins, re-
moves his gloves, they vanish; then
waves his wand, birds appear in mid-
air, flowers can be seen growing, a
small bowl is produced from a silk
handkerchief, then a large one con-
taining four pitfalls.

Unlike other magicians, Durno is a
comedian and humorist, he uses a
flow of language which is full of
comedy, his voice is clear and dis-
tinct, and while listening to him one
can see him produce different arti-
cles and cause them to vanish.

Reproductions of old tricks per-
formed by Durno, such as the man-
ipulation of eggs, dolls, chickens,
ducks, bats, watches, gloves, etc.,
are manipulated and in such a way as
to create rounds of applause and
laughter.

Nothing but wonder and amuse-
ment prevails when Durno performs
his "Optical Illusion Guess." It can-
not be explained but must be seen to
be appreciated. The effect of this is
marvelous and causes great wonder.

Organ pipes and their strange mu-
sic, a production that can be ac-
complished only by means of magic.
The slightly effect is astonishing as
well as amusing. It is all mystery
and fun.

They have had phenomenal suc-
cess in their past seasons and are
more generously equipped than ever
to please the public the coming sea-
son. They are versatile, artistic, ca-
pable of giving a widely diversified

songs and impersonations. They have
an extensive repertoire of vocal mu-
sic and in the classic, humorous and
comic selections are equally at home,
their voices blending in perfect har-

You Strong

Old people, tired, weak,
run down people, delicate
children, frail mothers, and
those recovering from severe
illness, this is a fact.

Thousands of genuine tes-
timonials from reliable peo-
ple prove this claim, and to
further support the fact and
prove our faith in what we
say, we unhesitatingly de-
clare that any one who will

excel, as their sympathetic rendition
gains the heart of their audience,
while their comic songs are true to
life and are sung with vim. They are
to be especially commended for their
perfect articulation, the story of each
being clearly brought out.

WEAK, WEARY WOMEN.

Learn the Cause of Daily Woes and
End Them.

When the back aches and throbs.
When housework is torture.
When night brings no rest nor
sleep.

When urinary disorders set in
Women's lot is a weary one.
There is a way to escape those
woes.

Doan's Kidney Pills cure such ills.
Have cured women here in Rhine-
lander.

This is one Rhinelander woman's
testimony.
Mrs. A. Gruebel, of 828 Arbutus St.,
Rhinelander, Wis., says: "I can re-
commend Doan's Kidney Pills, as I
have used them with the best of re-
sults. I had an attack of kidney
trouble and was in misery most of
the time. When I learned of Doan's
Kidney Pills, I procured a box at
Reardon's Drug Store and had used
them but a short time before the
pains in my back entirely disappeared
and my condition improved in
every way."

CAPT. SIMPSON TAKES CHARGE

Captain Louis Simpson of Beloit
has taken charge of the Salvation
Army in this city. He will be join-
ed the last of the week by Mrs. Simp-
son, who is also an active member
of the Army.

For twelve years Captain Simpson
has been engaged at Salvation Army
work and during that time has been
stationed in New Mexico, California
and Wisconsin. He has labored in
several of the large cities in these
states, rescuing hundreds of men
and women from lives of sin and
shame.

The Army headquarters and read-
ing rooms at Stevens Street have
been re-opened.

Captain and Mrs. Turner, who have
been stationed in this city for the
last year, were forced to abandon the
work on account of his ill health.

SHIP BODY TO MADISON.

Another body was shipped from this
city to the department of anatomy at
Wisconsin University, Friday. The
remains were those of Chas. Hinck-
ley, a woodman from Mercer, who
died from typhoid fever at St. Mary's
hospital. Nothing could be learned
of the man's relatives or friends.

When brought to the hospital Hinck-
ley, told the Sisters that he had
\$60 coming from a lumber company at
Fosterville. The concern was writ-
ten in regard to the money but no
reply was received.

COUNCIL PROCEEDINGS

Sept. 27, 1910.

At a special meeting of the common
council duly called and held on the
25th day of Sept. 1910. Mayor Anderie
presiding. The following Aldermen
being present: Berg, Cain, Calkins,
Gilley, Hanson, Leadbetter, Pecor,
Roepcke, and Swedberg.

The following resolution was intro-
duced by Ald. Roepcke:

Whereas, the common council of the
City of Rhinelander has been request-
ed by Mr. E. Pennington, the Presi-
dent of the "Soo" Line, to make
recommendation as to the location
desired for a new passenger station to
be located in this city.

Resolved by the common council of
the city of Rhinelander that recom-
mendations be and is hereby made
that the present location be selected
for the erection of said passenger sta-
tion.

Resolved further that a certified
copy of this resolution be forwarded
to Mr. E. Pennington.

Moved by Ald. Swedberg seconded
by Ald. Cain that the resolution be
adopted as read. Carried, all the
Aldermen voting ye except Ald.
Leadbetter voting no.

Upon motion council adjourned.
GUST SWEDBERG,
City Clerk.

Capt. Bogardus again

Hits the Bull's Eye.

This world famous rifle shot who
holds the championship record of
160 pigeons in 160 consecutive shots
is living at Lincoln, Ill.

Recently interviewed, he says: "I
suffered a long time with kidney
and bladder trouble and used several
well known kidney medicines
all of which gave me no relief until
I started taking Foley Kidney Pills.
Before I used Foley Kidney Pills I
had severe backaches and pains in
my kidneys with suppression and a
cloudy voiding. On arising in the
morning I would get dull headaches.
Now I have taken three bottles of
Foley Kidney Pills and feel 100 per
cent better. I am never bothered
with my kidneys or bladder and a
gain feel like my ownself."

500 LINE EARNINGS.

Substantial increases in earnings
are shown by the annual report of
the Minneapolis, St. Paul & Sault
Ste. Marie railroad, presented at the
stockholders' meeting last week. The
gross earnings for the entire system,
including the old Wisconsin Central
road, now the Chicago division of
the Minneapolis, St. Paul & Sault
Ste. Marie road, are \$24,335,403.52.
The operating expenses were \$14,
014,263.81, leaving net earnings of
\$10,321,134.71. The total income was
\$12,442,417.51. A reduction of the
fixed charges, taxes, etc., left a sur-
plus of \$5,337,556.92.

LOW COLONIST RATES TO PACIFIC COAST.

These special low rate tickets, on
sale daily until October 15, are avail-
able on our daily and personally con-
ducted tours to tourist sleeping cars,
through to the coast, via the Chicago
Union Pacific & Northwestern Line.

For full particulars write S. A.
Hutchinson, Manager, Tour Dept.,
212 Clark St., Chicago, Ill., or ad-
dress nearest ticket agent.

"IT BEATS ALL"

This is quoted from a letter of M.
Stockwell, Harnial, Mo. "I recent-
ly used Foley's Honey and Tar for
the first time. To say I am pleased
does not half express my feelings.
It beats the remedies I ever used. I
contracted a bad cold and was threat-
ened with pneumonia. The first dose
gave great relief and one bottle com-
pletely cured me." Contains no opi-
ates.

HAVE LUCK AT FISHING.

F. A. Somerville, daughter, Miss
Helen, and son, John, left last Fri-
day for their home in Chicago after
a sojourn of three weeks at Sugar
Camp resort. During their stay
there they had remarkable success
fishing in Indian Lake, Miss Helen
hooking a muskallunge that weighed
over thirty pounds.

Mr. Somerville is a leading but-
ter and cheese shipper of Chicago. He
operates a large cold storage plant
at that market and has a similar
plant at New York City.

CARRY YOUR LICENSE.

Hunters should read the provisions
of the game laws before going into
the woods this year for the law will
be enforced more rigidly than ever
before. Hunters must possess licens-
es and must carry them upon their
persons when hunting in the woods.
The law provides a severe penalty
for failure to comply with this.
Hunters should also read the game
laws and learn the open seasons for
game birds and fur bearing animals.
If this is done many times will be
escaped.

Aids Nature

The great success of Dr. Pierre's Golden Medical Dis-
covery in curing weak stomachs, wasted bodies, weak
lungs, and obstinate and lingering coughs, is based on
the recognition of the fundamental truth that "Golden
Medical Discovery" supplies Nature with body-build-
ing, tissue-repairing, muscle-making materials, in con-
densed and concentrated form. With this help Nature
supplies the necessary strength to the stomach to digest
food, build up the body and thereby throw off lingering
obstinate coughs. The "Discovery" re-establishes the
digestive and nutritive organs in sound health, purifies
and circulates the blood, and nourishes the nerves—in
short establishes sound vigorous health.

If your dealer offers something "just as good,"
it is probably better FOR HIM...it pays better.
But you are thinking of the cure not the profit, so
there's nothing "just as good" for you. Say so.

A GENEROUS AND CHARITABLE WISH

"I wish all might know of the ben-
efit I received from your Foley's Kid-
ney Remedy," says I. N. Regan,
Farmer, Mo. His kidneys and blad-
der gave him so much pain, misery
and annoyance, he could not work

IT'S THE BEST POLISH I EVER USED

That's What Every One Says Who Tries

Black Silk Stove Polish

DON'T imagine for a moment that all brands of stove polish are the same.
Don't get the idea that to keep a nice glossy shine on your stove you must
black it every few days. It's not a question of oft-repeated application.

It's a question of the stove polish you use.
Black Silk Stove Polish is so much better than other stove polishes
that there is absolutely no comparison—it is in a class all by itself.

It makes a brilliant glossy shine that doesn't rub or dust off. It cleans to the
iron—becomes a part of the stove. It makes old stoves look like new and lasts
four times as long as any other shine.

Get a can and give it a trial. Try it on your parlor stove, your cook stove,
or your gas range. If you do not find it the best stove polish you ever used,
your dealer is authorized to refund your money. Black Silk Stove Polish has been made
by the same formula and sold under one name for 25 years.

Here is what some of the ladies write us:
"I saw your advertisement but was unable to secure the polish here. I sent you
for a can and found Black Silk Stove Polish so much better than any I had ever used
that I asked my hardware dealer to order a supply. He did so, and is now selling nearly
everyone in the place your wonderful polish. I had no idea there could be such a difference
in stove polish."

I tried the sample box of Black Silk Stove Polish and like it so well that I want to
black all the other stoves in the house. Enclosed find 50 cents. Send polish for that
amount by return mail. Our hardware merchant does not keep it. I will send you the
amount of the stove polish to use.

It made the polish so lovely and, after blacking the polish did not rub or dust off. It is
the best I have ever used. I will send you the amount of the stove polish to use.

I received the Black Silk Stove Polish and found it as good as the best I
ever used.

Ask Your Dealer

For Black Silk Stove Polish, ask your dealer. It is the best stove polish you ever used.
Send you no more than the amount of the stove polish to use.

To Prevent Contagion.

To prevent contagion when a patient has diphtheria, scarlet fever or any of the dreaded diseases, take equal parts of turpentine and carbolic acid; put one-half teaspoonful at a time in a kettle of water kept near the boiling point. The odor gives relief to the patient and also prevents the spread of the malady if kept in the room.

LITTLE THINGS THAT COUNT

Man Who Minimizes Importance of Trifles Makes Life a Burden to His Wife.

It is the little things that do matter—to a woman, a man would say. Little thinking how greatly he himself is influenced by the trifles he despises. If the dinner is late, or his cuffs are frayed, if his wife has forgotten to tidy her hair, or she is not ready at the time appointed, he is distinctly ruffled; the fire is laid ready for the blaze—it may be in business that the match is applied or it may be at home; it matters not where, the results are disastrous, and the little thing is responsible.

Home life is made up of little things, but unfortunately the man does not realize it. He little thinks how wearying are the little things, and he has no compunction in adding to them. He does not know how much it means to the tired housewife if he even stoops to put coals on the fire, if he puts away his slippers himself, if he does not leave cigar ends in every available spot. But he is so occupied with the big things that unless he has been trained to be thoughtful he makes life a burden to the woman he has promised to cherish.

To the woman who lives among the little things they matter intensely. It is bitter to hear that he forgets the anniversary of their wedding, that he lets her birthday pass, as the dear ones at home never did; that he seldom thinks of giving her a present or suggesting an outing; that he does not even pass the salt at the table, nor open the door for her to go out. It is the little things which build up the barrier between husband and wife.

Most Valuable Bedstead.

In the French state collection of furniture there is a Masonic bedstead, surmounted by a large canopy. It is of extraordinary height and is ornamented with some of the most delicate carving it is possible for the hand of man to turn out. The French government has had several tempting offers for this beautiful couch, and it refused some time ago 15,000 guineas for it.

Utmost Utilization.

Putting every acre land to its best use is the idea about which the whole policy of the conservation of national resources revolves, and in the future the planting up of waste tracts in the United States is sure to be carried on extensively by private owners as well as in the national forests and on state lands.

Diplomat's Courtesy.

An envoy now representing us abroad was once asked to dine by the king of the Belgians. The king had particular reasons for wishing to be civil to the United States and its representative. He accordingly, when the ladies had retired, got up, and, going to the American envoy, sat down beside him and handed him a cigar. The minister said: "No, I thank you," and taking one from his pocket proceeded to light it.

DONT PAY TWICE FOR THE SAME ROOF.

Iron, tin and most prepared roofings are really never paid for, because they need painting or coating every year or two. If you add to the cost of these roofings the cost of painting during the number of years in service, you will readily understand why

J-M ASBESTOS ROOFING—which needs no coating—is the "cheapest-per-year" Roofing. It will not rot or rust, is permanently durable and resists fire. No acids, chemical fumes, gases, heat or cold can affect it. Costs less than slate, iron or shingles. Can be applied by anyone. Ask for samples and prices.
